## Earl S. Patterson Elected Exalted Ruler By Elks

W. W. JONES  
IS CHOSEN  
SECRETARY  
OF LODGE

New Officers to Be Installed  
At First Meeting Held  
In Month of April

Earl S. Patterson will be the next exalted ruler and Walter W. Jones the new secretary of Glendale lodge, No. 1289, B. P. O. Elks, it was decided at the annual election of officers, held last night at the East Colorado street clubhouse, with hundreds of members present.

The election came under "new business," as prescribed by the regular order of routine in the business meeting. Following the election the members withdrew to the dining room, where a buffet dinner was served. A professional entertainment featuring talent from Pantage's circuit was then enjoyed.

Install in April  
The new officers of the local Elks' lodge, full list of whom follows, will be installed the following night, in April, as prescribed by the "grand lodge," which falls on April 7. Frank R. Cryderman of San Pedro, district deputy grand exalted ruler, will either act as installing officer or will designate someone to act in this capacity. Secretary Willis M. Kimball states.

Earl S. Patterson, elected exalted ruler at last night's meeting, succeeds James A. Appfel in that position and is the thirteenth exalted ruler of the Glendale lodge. He rises to the position from esteemed leading knight, after having occupied chairs in the lodge for the past five years. He is a partner in the legal firm of Moore & Patterson, Los Angeles, and is prominent as an attorney throughout the southwest. His residence is at 363 Riverdale drive.

Gerald A. Dockery, elected esteemed leading knight, rises from the position of esteemed loyal knight, which he now holds. He holds a position with the transportation division of the Moreland Truck company, in Los Angeles. His residence is at 723 South Louise street.

Local Contractor  
J. Murray Durham, elected esteemed loyal knight, has been for two years chairman of the standing investigating committee of the local Elks' lodge. He is a Glendale cement contractor and makes his residence at the clubhouse.

J. W. Headlee, elected esteemed leading knight, rises from the position of tyler, which he has held for a number of years. He is secretary of the Grand View cemetery, and lives at 723 South Louise street.

Walter W. Jones, elected secretary of the local lodge, to succeed Willis M. Kimball, has been for fourteen years with the Santa Fe railroad, his present position being that of traveling passenger agent. He has tendered his resignation from this company, to take effect April 1, and will from then on devote all his time to the interests of the lodge and the service of his fellow members. His residence is at 430 West Vine street.

Treasurer Nine Years  
Herman Nelson, re-elected treasurer, has held this position for nine consecutive years. He is well known in this city as manager of the Glendale Avenue branch, Pacific Southwest Trust & Savings bank. His residence is at 641 East Harvard street.

Dr. Paul J. Holmes, elected tyler, assumes the first office he has ever held in the lodge. He is well known in Glendale as a chiropractic doctor. His residence is at 533 West Elk avenue.

Daniel Kelly, Jr., re-elected trustee for a term of three years, is a member of the hardware firm of Cornwall & Kelly, and lives on North Highland avenue.

James A. Appfel, elected delegate to the grand lodge, is at present exalted ruler of the Glendale Elks' lodge. He is a jewelry manufacturer, with his business in Los Angeles. His residence is at 347 North Maryland avenue.

Peter L. Perry, elected an alternate delegate to the grand lodge, was the first exalted ruler of the local lodge, holding that position in 1912. He is a prominent building contractor. His residence is at 614 East Acacia avenue.

The appointive officers, including the new officers, will be installed at the first meeting of the lodge, which will be held in the month of April.

ADD FIREMEN TO  
GLENDALE FORCE

Action Taken By Council  
After An Investigation  
Shows Shortage

Glendale's fire department is to be increased by the addition of fourteen new firemen immediately, as the result of action taken this morning by the City Council, upon the recommendation of Councilman Asa Hall, head of the department of public safety.

The recommendation comes as the result of conferences between Mr. Hall, Jay W. Stevens, state fire marshal and Fire Chief A. H. Lankford, when it developed that some of the stations in this city were undermanned.

Mr. Hall stated that the new men would be distributed throughout the stations to afford adequate personnel to man the fire fighting equipment.

The salary of City Comptroller H. C. Saulsberry was raised \$50 per month, and the salaries of Ben S. Dupuy, city engineer, and Ray Fairrell, street foreman, \$30 and \$20 per month, respectively, upon the recommendation of Councilman Sam Davis.

All Salaries Raised  
A new salary ordinance was up for adoption, but there were so many amendments offered that it was held until Thursday.

The salary of practically all the heads of departments in the city administration has been raised during the past two months, due to the efficient manner in which the city's business is being conducted, according to a statement of Mayor Spencer Robinson this morning. He stated that heretofore they had been underpaid, and said he was a strong booster for good salaries to the right man in the right place.

The council instructed the city attorney and the city engineer to start the necessary proceedings to improve Elm street from Fourth street to Glenwood road.

Japan Immigration  
Statement Pleases

TOKIO, March 4.—Ambassador Wood, arriving from the United States on the President Cleveland, said informally that he agreed with the sentiment of Secretary of State Hughes on Japanese immigration. This statement proved pleasing to the Japanese papers in Tokio which editorialized praising the statement.

Garment Worker Is  
Beaten by Strikers

CHICAGO, March 4.—Three men, armed with blackjacks and lead pipe, today attacked Joseph Weitzel, garment worker, on his way to a shop affected by the women garment workers' strike. After breaking his nose and inflicting a serious scalp wound, the trio escaped in a taxicab.

ROME, March 4.—Miss Iris Cutting, daughter of Bayard Cutting, of New York, and Marchez Origo are to be married today at Villa Medici, near Florence.

BUILDING PERMIT  
TOTAL IS \$65,825

Less Than \$100,000 Needed  
To Bring Year's Total  
To \$2,000,000

A permit issued to George W. Anderson at noon today for the erection of three stores at the corner of Los Feliz road and Central avenue, to cost \$8,000, brought the total for the morning's business to \$33,475, at the office of H. C. Vandewater, municipal building superintendent.

The total for the month of March at noon was \$65,825, while less than \$100,000 is needed to bring the total for 1924 to \$2,000,000. The year's record was announced as \$1,901,054.

Suspect Arrested as  
Clever Check Forger

SEATTLE, March 4.—Cecil Brock, 35, formerly of Winnipeg, is being held by local police today on suspicion of being a highly accomplished check forger.

He was arrested in his room at a local hotel last night by J. J. Plummer, manager of the Burns agency here, after Plummer had been "tipped off" by a suspicious clerk. Brock is said to have passed a \$200 forged check on the New Washington hotel.

Brock was just preparing to leave for Portland, according to Plummer, who is said to have found a large number of blank and cancelled checks on the insurance firm of Hobson & Company of Vancouver, B. C., mortgage bonds, mining shares and stock certificates.

Former Klan Members  
In New Organization

SEATTLE, March 4.—Declaring themselves purged of un-Americanism which they found in the Ku Klux Klan, former members of that order were busily engaged today in getting their new organization into shape and preparing for an impressive dedication within a few weeks of what is to be known as the Four A's.

One thousand dollars was on hand toward the initial expenses of organization, having been subscribed at a meeting late last night.

George U. Moyse Submits Complete Statement  
On Junior High School System InvestigationFINANCIAL PROBLEM MUST  
RECEIVE CAREFUL INQUIRY

Educational Head Goes Into Details Relative  
To Proposed Development and Presents  
His Conclusions for Consideration

By GEORGE U. MOYSE  
Principal Glendale Union High School  
Discussion of the Junior High school idea, here and elsewhere, has brought it before the public of Glendale as an issue to be determined.

There is probably no other division of our educational system that has commanded the thought of leaders in education to the extent that the Junior High has during the last few years.

The Departments of Education in our leading universities have been studying the Junior High and doing research work bearing upon the physiological and mental development of the adolescent child.

The school departments of many progressive cities have been trying out various programs and courses of study within their respective school departments.

As a consequence, the development of the Junior High and its course of study has been very rapid within the last few years and subject to many experimental changes.

In studying this problem we must realize at the outset that today by the term Junior High we do not mean merely a housing under the same roof of the seventh, eighth and ninth grades. The vital thing in the Junior High school movement now is the course of study, not the mere segregation of pupils.

California, which leads in so many things, has been especially progressive in its experimentation in the Junior High school problem.

Los Angeles, Berkeley and Oakland have Junior Highs which are referred to by our leading educators of the east, as well as the west, as the finest types of the Junior High schools of today. They are the result of fifteen years' effort and are rapidly passing from the experimental stage.

For some time I have been studying carefully the Junior High schools of the southern part of the state. Last week, at the invitation of Commissioner of Education A. C. Olney, I went north to visit with him the most representative Junior Highs of the Bay Region.

Complete Study  
Mr. Olney and I visited the Junior High in Richmond and the Burbank, Garfield and Edison Junior High schools and the Senior High schools in Berkeley. In Oakland I visited with Dr. V. E. Dickson, director of the Bureau of Research and Vocational Guidance, the best Junior High schools of Oakland and also the newest high schools, the Roosevelt and University High schools which are six-year high schools and accommodate both the Junior and Senior High schools.

Of course, I was very much interested in comparing these new high school plants with our own (Continued on Page 3)

Passengers Escape  
Mr. Laxson had with him at the time of the accident five passengers—his wife, Mr. and Mrs. John Kellogg and two sons, Eugene and Clinton, of 2010 Glenwood road. They received only minor scratches in the crash.

According to Detective Sergeant Charles P. Blake and Officer J. J. Claxton, who investigated the accident, the sedan, going south, did not stop. Mr. Laxson, to assure missing the car, swung to the right of the road and evidently neglected to notice the guard, which is built over the grade crossing at this point. The force of the impact was sufficient to crush the front of the car.

Driver, Dazzled  
By Glare, Killed

John W. Laxson Impaled on  
Crossing Guard Rail In  
Auto Accident

Momentarily blinded by the bright glare of the lights of a large sedan approaching him from the opposite direction, John W. Laxson, a resident of the community camp ground at 146 South San Fernando road, was almost instantly killed last night shortly after 7 o'clock when he swerved too far to the right and drove his machine into the guard fence at the Pacific Electric crossing on Grand View avenue.

A timber of the fence, crashing through the cowl of his machine—a light Buick truck—and smashing his chest, entered the lungs. An ambulance was immediately called and the injured man removed to the Glendale Research hospital, but upon arrival there he was pronounced dead by Dr. Edward Swift and the body, at the request of Mrs. Laxson, was taken directly to the undertaking parlors of Kiefer and Eyerick and the corner in Los Angeles notified.

Launch Attack on Spanish  
Forces Over Extended  
Battle Front

GIBRALTAR, March 4.—Rebel tribesmen in Morocco have begun a violent offensive against the Spanish forces over a wide section of the Moroccan battlefield, said dispatches from Melilla today.

The directory is rushing reinforcements to Morocco at top speed.

A shell from a Moorish battery struck the Spanish cruiser Catalone, killing the captain and two sailors and wounding ten others.

The Spanish military authorities commended a steamer plying between Ceuta and Algeciras to transport troops.

Cut Off Supplies  
Rebel tribesmen are reported to be attacking the Spanish garrison at Melilla, the chief Spanish base of operations and supplies.

The tribesmen are increasing pressure against the Spanish positions in Tizaz zone, preventing the retraining of troops.

At Gormarceta the rebels attacked but were defeated with heavy losses by the Spanish foreign legion.

Spanish money is declining on the exchange as a result of the new Moorish offensive.

Indian Chieftain, 90,  
Dances Entire Night

LEMOORE, Cal., March 4.—Indian Bob, nonagenarian Indian chief, today had completed the dance of life once more.

Commencing at dusk and accompanied at times by two squaws, the aged Indian kept up the Indian tribal custom of dancing continuously the weird steps from sun fall to sun up. Members of the tribe, now reduced to a few hundred, solemnly chanted as the dance progressed.

Indian Bob fasted a week before beginning the dance.

Must Leave Domestic  
Pets at Border Line

VANCOUVER, B. C., March 4.—A Canadian ban against dogs, cats, canaries, other domestic pets and all creatures that might carry foot and mouth bacilli from California and Oregon has been put into effect, it is stated by state officials here of the livestock branch of the Canadian government. A double staff of inspectors is keeping a rigid watch at British Columbia border points.

COSTA RICA SHAKEN BY EARTHQUAKE

BUENOS AIRES, March 4.—Information was received here today of a violent earthquake in Costa Rica. According to an unconfirmed report the loss of life was heavy. San Jose, the capital, was reported to have been virtually destroyed. Puerta Arena was badly damaged. Telegraphic lines were broken, hampering communication. The first advices here said loss of life was feared at San Jose.

President Picks  
Attorney Knight  
For State Suits

WASHINGTON, March 4.—The first step toward recovery of oil lands located in Sections 16 and 36 of the California reserves, now held by the Standard Oil Company of California, was taken by President Coolidge today when he sent to the Senate the nomination of Samuel Knight of San Francisco, as the special counsel to prosecute the claim on behalf of the government.

SAN FRANCISCO, March 4.—Samuel Knight, former assistant United States attorney, nominated today by President Coolidge to seek recovery of government oil lands in California, declined to comment upon his appointment until it has been acted upon by the senate. He also declined to say whether he would accept.

He Is Democrat  
"My only knowledge of the appointment is the statements contained in the newspaper dispatches and I shall have nothing to say regarding it until the Senate has acted," Knight declared.

Knight has practiced law in San Francisco for a quarter of a century and in politics is a Democrat.

Incident to the vote on the measure Councilman Kimlin inquired as to the status of the work on the sewer project at the present time and was informed by V. B. Stone, city manager, that the right of way work was progressing and that Burns & McDonnell, engineers, are going ahead with their end of the work.

The ordinance provides that the bonds shall be in denomination of \$1,000 each, numbered consecutively from 1 to 1600. They will be dated March 1, 1924.

Sinking Fund Fixes  
The rate of interest is fixed at five per cent, payable semi-annually on March 1 and September 1.

The forty lowest numbered bonds will be paid March 1, 1925, and the same number will be redeemed each succeeding March 1 until the entire issue has been paid.

The ordinance also establishes a sinking fund for the payment of the interest and the redemption of the bonds as provided by the other sections of the ordinance.

Revenue Deputy to  
Return to Glendale

George M. Donovan, a deputy collector of internal revenue from the Los Angeles office of Collector Rex B. Goodell, will be in Glendale from March 5 to 15, at 109-A North Brand boulevard, in the lobby of the Hahn auditorium, to assist Glendale people with their income tax reports.

Mr. Donovan's hours will be from 9:30 o'clock in the morning until 4 o'clock in the afternoon, daily except Saturday, when his office will close at noon. All who have not filed returns are advised to do so before the period ends on March 15, he states, as a penalty attaches to returns not filed by that date.

Order Investigation of  
U. S. Shipping Board

WASHINGTON, March 4.—Another congressional investigation was ordered today—into the United States Shipping Board, its properties and expenditures of vast sums of money.

The House passed with but one dissenting vote the resolution favored by Representative Davis, Democrat of Tennessee, Blanton, Democrat of Texas, cast the lone negative vote.

The investigation will be made by a special committee of several members suggested by Speaker Gillett.

FASCISTI ASSAULTED

ROME, March 4.—Ten members of the Fascist party were wounded when a hostile crowd attacked them at Bari today. The "black shirts" were returning from a celebration at the time.

Oil Magnate  
Loses Pool  
On Ponies,  
Senator's  
Charge

WASHINGTON, March 4.—Acrimonious debate burst forth in the Senate this afternoon when Senator Heflin, Democrat, of Alabama, charged Harry Sinclair with handling "race horse bets" for cabinet members.

Heflin declared Attorney-General Harry M. Daugherty was "reported to have gone with Sinclair to the race track" with a pool of money raised by unnamed cabinet members.

Makes Distribution  
Heflin said Daugherty had lost, but Sinclair later "turned over a bunch of money" to the attorney-general. These "winnings," said Heflin, "were then distributed among cabinet members by Daugherty."

Heflin attacked Sinclair for "using his influence on the cabinet," and citing what he termed the "close contact" maintained by Sinclair with members of the cabinet that he charged Sinclair with handling the race bets.

"The attorney general himself went to the race track with Mr. Sinclair and they placed money on the horses for members of the cabinet," said Heflin.

Loses, Yet Wins, Claim  
"The horse that Daugherty bet on lost, but later he turned some money over to Sinclair to bet and afterwards Sinclair came back with a bunch of money."

"Sinclair turned this money over to Daugherty and he divided it up and said 'This is our winnings.'"

Tumult In Senate  
Wrangling and shouting marked a tempestuous session of the Senate oil investigation committee today—a session which saw W. J. Burns, chief of the department of justice's secret agents, defending his agents and explaining the department's connection with the great oil scandal.

Notwithstanding the tumult which featured the testimony of Burns and one of his agents, Mrs. William O. Duckstein, wife of one of E. B. McLean's employees, the committee made some progress in clearing up the tangled web of mystery that has shrouded the developments of the last few days.

Admits Code Wires  
Mrs. William O. Duckstein, pretty and apparently self-possessed, took the witness stand in the Senate oil investigation today and admitted that she is an agent of the department of justice, and that she had been supplied with a code book by William Gibbs McAdoo, son of William Gibbs McAdoo, candidate for the Democratic presidential nomination, declared E. B. McLean, newspaper publisher, had told him that A. Mitchell Palmer, attorney-general in the Wilson administration, was counsel for ex-Secretary of the Interior Albert B. Fall and Harry F. Sinclair, lessee of Teapot Dome.

Palmer previously testified before the committee that he had represented neither Fall nor Sinclair.

In view of McAdoo's statement, Senator Dill, Democrat of Washington, announced that he probably would demand Palmer's reappearance before the committee.

Burns Leaves In Rage  
Burns came to the witness stand smiling in confidence. He left it on the verge of rage, his face scarlet.

"The question was provoked by Walsh's questions as to why Burns' bureau did not undertake

"Guest Day" will be celebrated by the members of the Women's Missionary society of the Central Christian church on Friday, March 7, at 2 o'clock, it is announced.

The meeting will convene in the intermediate Sunday school room with entrance on Louise street. During the afternoon an interesting program will be presented including a talk by Mrs. A. W. Van Loon, chairman of the Japanese work in Glendale.

The special address of the afternoon will be given by the pastor of the Japanese Institute of Los Angeles who will tell of the work being done under the auspices of this institution.

A cordial invitation is extended to all to attend.

**Birthday Dinner**  
Mrs. I. M. Fisher of 372 West Lexington drive entertained at dinner Saturday night as a surprise to her husband, who was celebrating his birthday anniversary.

The birthday table was centered with rose pink sweet peas. Covers were laid for Mr. and Mrs. Oscar Ummack and Messrs. Percy Gedney, Jay Price and Ben Campbell of Los Angeles and the host and hostess.

Mr. and Mrs. Fisher motored to San Gabriel Sunday and were the guests at a second birthday dinner in Mr. Fisher's honor at the home of his mother, Mrs. I. M. Fisher, Sr.

**Club Hostesses**  
Messdames W. G. Bohannon and G. W. Kingsley were hostesses yesterday at the meeting of the Shakespeare department of the Tuesday Afternoon club at the clubhouse.

Study of the first act of "Antony and Cleopatra" was completed and at the meeting March 17 the second act will be begun.

At the next meeting Mrs. E. T. Batz and Mrs. Walter Jones, curators, will be hostesses.

**Church Program**  
An entertainment will be given tonight by the intermediate and junior departments of the Sunday school of the Broadway Methodist church at 8 o'clock. A program of real merit has been planned and the scholars in these two departments extend an invitation to their friends and the general public to attend. They will entertain with their own orchestra.

# BASEBALL, TRACK WORKOUTS START

## High School Coaches Have Large Number of Lads for Development

By AL DIX  
Of The Evening News Staff.  
With forty lads out for track, and approximately the same number appearing for baseball workouts, Coaches Hayhurst, in charge of the former, and Butterfield, who is supervising the embryo Babe Ruths, are very optimistic over a successful spring season in athletics for the Glendale Union High school.

The rain of the past week-end was badly needed on the new athletic field, and will place the diamond and track in first-class shape. Yesterday afternoon a large squad of students was out filling in the low places, so that practice may go on uninterrupted. Due to the lack of training quarters and shower baths, the coaches say that it has been hard this spring to get the candidates out, but last week saw many new faces in both squads, and, as a result, the contest for places is very keen.

### Baseball Outlook Good

Coach Butterfield, in charge of the baseball crew, has eleven of last year's letter men out, in addition to many promising recruits. The Glendale team tied for second place in the Central league last year, great hopes are held out that, in addition to the football championship, the Red and Black may add another pennant to their list. The twirling department, which usually causes high school coaches so much amount of worry, is well taken care of. Hardy, Bradbury, Kruk, Foster and Stearns, the latter a southpaw, are all showing promise, as well as several of the new men. Behind the bat he will have "Breezy" Elliott, Van Rensselaer and Foltz. Those trying out for infield positions are Hibbs, Stumpf, Muff, Lovell, Swanson, Krich and Townsend. In the outfield the choice apparently lies between Pomeroy, Kruk, Denny and Darrell Elliott. The coach issued a call yesterday for more men, as he wants enough squads on the field to arrange for a number of practice games.

The freshmen are also showing up well and should be able to take care of themselves in their own class. The first practice game of the varsity will be played against Franklin High at their grounds next Thursday. The complete schedules are printed elsewhere on this page.

### Runners at Work

Considering the condition of the track the workouts of the freshmen and distance men have been very impressive, says Coach Hayhurst. In the hundred yard and Art Howard have been clocked at close to even time, and should better this with a little more training. In the 220, Purdy, who is a horse for work, Fish, Lee and Parker are showing up well.

The coach is very enthusiastic over his quarter-milers, Fish, Murphy, Maydwell and Parker. Each one has been turning in at 57 seconds on a soft track without any training. Coach Hayhurst states that they will all be able to clip three seconds off of this mark in two weeks, and probably two of them better than that. In the half mile Maydwell and De Parq are the leading candidates. Harrison and Montgomery are showing up well as milers.

Jones, D. Elliott, Murphy and Heil are all going well over ten feet in the pole vault, while in the high jump Ray Jones has cleared the bar at five feet six inches. Other jumpers are Bud Elliott and Richardson Jones. In the weight events Howard Elliott, Fish, Hibbs, Lavelle, and De Parq are the mainstays. Lavelle is showing up exceptionally well with the discus, and expects to get 115 feet out of it this year.

### Pointed at Big Meet

Among the candidates for the hurdles Humes, Lavelle and Heil are breaking the tape in the lead. While the athletes are all being pointed for the Central league meet to be held at Patterson field, Occidental college, April 5, a number of prior skirmishes will determine the leading candidates. Next Friday afternoon the squad will tackle the Oxy frosh at Eagle Rock. On Thursday, March 13, there will be a triangular meet with Glendale, Monrovia and Caltech freshmen as entries, at Paddock field, Pasadena. On Wednesday, March 19, the Red and Black will meet San Fernando in a dual meet, and on Friday, March 21, where twelve schools will be represented will enter a meet in Pasadena.

While Coach Hayhurst is making no predictions as to a champion squad, he says that the Red and Black colors will be in the running at the big meet April 5.

## Babe Ruth Reported in Better Condition

HOT SPRINGS, Ark., March 4.—Reports from the bedside of Babe Ruth are that his temperature is lower and his condition satisfactory, although he is still confined to his bed. Ruth is suffering from an attack of influenza contracted last Thursday while out riding. It is said he will not be able to join the Yankee team for several days as his physician orders a complete rest after recovery from the attack of influenza.

## Tiger Track Squad To Meet U. S. C. Team

Coach Timberwolf Pipal's famous conference track squad will meet Coach Cromwell's hand-picked tracksters in a grudge battle on Patterson Field next Saturday, starting promptly at 2 p. m. In view of the clean sweep made in the A. A. U. two weeks ago in the Trojans, the U. S. C. team is a heavy favorite. The Tigers do not lay any emphasis on the relays of the past, but assure the fans that there will be no clean sweep this week. Iron Man Argus is back in the star position and is likely to be his point man. Last season he was individual star at the conference meet and is fast rounding into shape.

## Ray Keating's Charge Under Investigation

LOS ANGELES, March 4.—Charges made by Ray Keating, outlawed Angel ball player, that ineligible men are being played in the Coast league, are being investigated by Keneasaw M. Landis, high commissioner of baseball, and John H. Farrell, secretary of the National Association of Minor Leagues, it was revealed here today. It was also learned that Landis and Farrell have been conducting their investigations for ten days.

Keating, who is on the suspended list of the Los Angeles club for jumping his reserve clause and playing with ineligible men in the San Joaquin Valley league, protested to Judge Landis and Farrell that he has been discriminated against when he was not allowed to return to organized baseball.

Some of the cities of the world which have been successfully planned from the start are Washington, D. C.; Gary, Ind.; Delhi, India, and Canberra, Australia.

## Oxy Frosh Baseball Nine Plays Hollywood

Coach Wilkie Clarke will send his Occidental freshmen baseball team over to Hollywood High Thursday afternoon to engage the Foothillers in a practice game. With five peagreeners playing first string, all of whom have been offered contracts with major teams, they should have everything their own way. The team has been practicing for several weeks and they look like conference champs.

The lineup will probably be: Brobst, c.; Condie, Teachout and Hitch, p.; Mishkin, 1st base; Hammersley, 2nd base; Godet, 3rd base; Hasserot, ss.; Stein, lf.; Deaver, cf.; Holland, rf.

## Washington to Clash With Bear Cage Five

OAKLAND, March 4.—Basketball players of the Universities of Washington and California clash here tonight in the first of a series of three games for Pacific coast title honors.

Although the northern stars are heavily outweighed by the Californians, they are expected to even things up by displaying more speed and are conceded to excel in the passing end of the game. Frane and Hesketh, forwards, are expected to star for Washington, with Tait, forward, and Kyte and Kincaid, guards, shining for California. Ladar, forward, and Houvenrin, center, will be the other starters for the Bears. Anderson, center, and Wells and Gardner, guards, will complete the Seattle team's line-up.

## Dempsey Will Leave Hospital for Hotel

NEW YORK, March 4.—Jack Dempsey, convalescent from an operation for fistula and hemorrhoids, plans to leave the hospital today and return to his hotel, according to Jack Kearns, his manager, and Dr. Robert E. Brennan, his personal physician.

The champion will be subjected to a thorough medical examination before being discharged from the hospital and will receive daily treatments for some days.

Dempsey showed no ill effects from the ailing he took last yesterday, the first time he has been out of the hospital since operation, more than a week ago.

## Knockout King Adds New Victim to List

NEW YORK, March 4.—Paul Berlinbach, local knockout king, today is looking for further jabs to conquer. He scored his twenty-sixth straight K. O. victory last night over Jimmy Darcy of Portland, Ore., in the third round, the bout being stopped by the referee to stop Darcy from further punishment. Darcy was on the floor five times during the bout.

## Occidental Tennis Team Beats Whittier

The Oxy varsity tennis team disposed of Whittier college last Saturday morning, winning 7 to 0. It was the second conference tournament for the Tigers, and they now stand at the top of the percentage column with two straight victories. Next Saturday morning on the Occidental courts the varsity will entertain the net men from the University of Redlands.

## FIGHT RESULTS

AT SCRANTON—Jimmy Goodrich, Scranton, outpointed Teddy Myers, Buffalo, ten rounds.

AT HARRISBURG—Indian Russell of Steelton, Pa., outpointed Buddy Dailey, Philadelphia, in ten rounds.

## PIRATES IN ACTION

PASO ROBLES, Cal., March 4.—With the arrival of Pitcher Wilbur Cooper of the Pirate camp today the outfit got into full action. Skipper Bill McKechnie gave his men a strenuous workout yesterday, alternating practice with a long hike over the California hills.

## RAIN SLOWS UP CUBS

AVAILON, Catalina Island, Cal., March 4.—Wet weather retarded Cub practice to tossing the ball around. Manager Kilfer is pleased with the condition of Vic Aldridge, veteran pitcher, who reported seven pounds under weight, instead of fat, as per custom.

## WANTS MORE RUNS

HOT SPRINGS, Ark., March 4.—The output of bunts, in which the Washington team has been among the leaders in the American league for several seasons, will be materially cut down this year, in an endeavor to pile up more runs. Manager "Buckey" Harris said today.

## TRYOUTS LOOK GOOD

SAN ANTONIO, Texas, March 4.—Norman MacMillan, Babe Herman and Ike Boone made an impression on Manager Lee Fohl during the practice session here. Boone clicked several against the right field fence. MacMillan and Herman showed up well in the infield.

# WILL DEPEND ON COLLEGE TALENT

## American Olympic Team Will Include Athletes of Universities

By DAVIS J. WALSH  
For International News Service  
NEW YORK, Mar. 4.—That college athletes will form the warp and woof, as always, of the American Olympic team—taking into account that some of them may be object to being called a wolf—was determined with even greater emphasis over the week-end just concluded.

At the University of Illinois games, for example, De Hart Hubbard of Michigan cleared the astounding distance of 24 feet 7 inches, indoors, and, leaving the unforsaken will win the Olympic broad jump as sure as slow poison. Hubbard's performance was good for 25 feet in an outdoor pit.

Almost equally commendable was the pole vaulting of Brownell of Illinois, in doing 12 feet 10 1/2 inches. At that Brownell will not shilly of Dartmouth. Owens of Pennsylvania and Scholpp of Yale tied at 12 feet 6 inches at the indoor intercollegiate in New York, and three others were better than 12-3. None of them, however, will take serious issue with Hoff of Norway, who is credited with a world's record of 13 feet 9 inches, but the writer would elevate no eyebrow if four American college men took the remaining places.

### Sprinters Are Fast

The club men, of course, harbor most of the sprinting talent with Paddock, Murchison, McAllister and others lined up, but Chester Bowman, of Syracuse, turned in a very natty performance in sprinting 70 yards in 7-1/5 seconds at the indoor championships. Bowman runs without ostentation, much after the manner of Howard Drew, and is quite good under the lash, as he proved the night he stepped away from Murchison and McAllister. Bowman should place high in the Olympic trials.

So should Charley Moore, of Penn State hurdler. He won as he pleased at the 70-yard distance after an indifferent start. Moore is the present world's record holder at 50 yards and altogether quite a likely citizen.

Ralph Hills' winning effort of 46 feet 3/4 inch was an intercollegiate record, but, at that, not worthy of the Princetonian's best. He is the only American in view at the moment who has a chance to win the Olympic shot-put.

Vernon Booth of Johns Hopkins was the record maker. Still a bit short of his best running, Booth ran two miles in 9:36 and supported the ever-growing conviction that he is the only American to compete who has a chance to take issue with the foreigners over a distance of ground.

## Chicago Bowlers Are Second In Pin Contest

CHICAGO, March 4.—Bowlers from Detroit, Milwaukee and Aurora, Ill., will join in the second division attack tonight on the standings in the A. B. C. pin tourney, after the opening barrage has been laid down by local entries. P. L. Wethe's Garfield's was a total of 2854 came within three pins of a tie for the lead in the five man last night. The Chicago team had the Anderson Tobacco company of Anderson, Ind., wondering if their work of 2857 would stand up.

## RECRUITS LOOK GOOD

BOYES SPRINGS, Cal., March 4.—Gussie Suhr, 16-year-old schoolboy, may be given a first berth with the San Francisco club of the Pacific Coast league, it was said today. Suhr, an infielder, is regarded as the Seals' most promising recruit.

## HUGGINS PLEASED

NEW ORLEANS, March 4.—Miller Huggins, manager of the world's champion Yankees, today expressed himself as being well pleased with his youngsters. "The best lot of rookies I ever took to a training camp," was Huggins' verdict.

## WAIVERS ON HOLDOUTS

CLEARWATER, Fla., March 4.—By way of setting an example to holdouts, the Brooklyn Dodgers today made public the statement that they have obtained waivers on Outfielder Bert Griffith and were about to send him to a minor league club.

## PITCHERS MUST HIT

LEESBURG, Fla., March 4.—Battery men of the Phillies engaged in batting practice today. Manager Fletcher is stressing the art of hitting as it concerns pitchers.

## CATCHER INJURED

BRADENTOWN, Fla., March 4.—With his right knee in a plaster cast, "Tubby" Clemons, first string receiver of the St. Louis Cardinals, will be out of action for some time to come, it developed today. Clemons hurt his knee.

## WARM FOR WHITE SOX

WINTER HAVEN, Fla., March 4.—Unusually warm weather has made rubber shirts scarce in the White Sox camp. Charley Robertson and Mike Cvetegros, regulars, are the only pitchers yet to report.

# COMMENT That's All

## Curfew at 9 for Border Need for Secret Service Scotland Yard Efficient Laws Quietly Enforced

By Gil A. Cowan

Announcement is made that the international border will be closed to automobile traffic at 9 o'clock hereafter. American "tourists" will have to walk across the line at Mexicali and Tia Juana. And many of them will be unable to do so. No doubt the Mexican resort owners will provide escorts and dump the human rubbish over the border for the American stage drivers to land in San Diego, or the Calexico police to plant in the city jail. So in reality, conditions are changed but little.

The United States government must realize sooner or later that the dives and gambling houses along the border line in California are nothing more or less than cankers to the contiguous communities. In this criticism one does not wish to condemn all of the border activities, but it is difficult, indeed, to know where the shade of difference is found.

For instance, a person may visit the race track of the Tia Juana Jockey club, or several of the clubs, and retain a cloak of respectability. Yet it is such places which offer the excuse for maintaining cheaper places of amusement which cannot be condoned by decent people.

It is pointed out with pertinence that the investigations being carried on by congress at this time are of more political consequence than anything else. The oil scandal is leading to the department of justice, where other probes are centered. It is a repetition of a situation which some years ago had to do with the disrupting of the old secret service conducted by the treasury department. At that time congress "pulled the teeth" of the federal investigators.

The great difficulty with the department of justice bureau of investigation is political influence. Each new administration finds new chiefs in charge while the men who actually do the work are either volunteers or underpaid emissaries. Had it not been for police departments contributing their best talent, newspaper men enlisting for secret service, and wealthy civilians coming to the aid of their government the department of justice, the army and navy intelligence divisions would have been sadly lacking in operations.

And what a thankless job these secret agents do! The writer speaking as one of them who saw service in and with these investigators. The government had money for munitions manufacturers, but it had very little to offer those who were seeking the grafters, the spies, the traitors and the obstructionists, not to mention the petty crooks.

Some day the government will see the wisdom of establishing a unit similar to that maintained by Scotland Yard—the British secret service. And it will learn that loyalty and efficiency never will result from political patronage, or political prestige, or political appropriations. In the first place, the various groups of intelligence divisions should be unified under the joint control of the army, navy and justice departments. Then they should be placed on a basis similar to that of the army or navy, where officers will be schooled and enlisted men held to their oaths. And honorary "badges" such as that held by Edward B. McLean, Washington publisher, should be relegated to the junk pile.

To a reorganized and non-political secret service should go the enforcement of all federal laws, including the Volstead prohibition act. After they obtain the evidence the civilian officers should be called upon to submit the failure of United States marshals, sheriffs or policemen to make arrests should result in their summary dismissal.

Many states have organized constabulary to cope with crime conditions and these have demonstrated the effectiveness of the long arm of the law when it is freed of shackles such as weight down the dry officers with a fear of doing their sworn duty.

## BRAVES DUE AT CAMP

ST. PETERSBURG, Fla., March 4.—The Braves' regulars are expected to arrive today. The first accident of the training season occurred when Joe Genewich sprained his ankle while on the mound.

## TWO TRAINING SHIFTS

MOBILE, Ala., March 4.—With all but three regulars in camp, Manager Sisler announced the St. Louis Browns would train in two shifts. Sisler looks better every day and is hitting the ball harder than ever.

## BOYS WILL PLAY BALL

AUGUSTA, Ga., March 4.—With but four regulars missing, Manager Cobb was about ready to vary his program a little and let the boys play ball. The four regulars not yet here are Harry Heilmann, Blue, Rigney and Jones.

## TWO FIRES CALL OUT DEPARTMENT

### Floor Cleaning Mixture Is Cause of Outbreak; Apartment Menaced

Gasoline and benzine being used to clean a floor in a new building at 1030-A Western avenue in some manner caught fire yesterday afternoon, causing slight damage before it was extinguished by the fire department.

J. H. Badget, workman employed on the building, was burned about the foot while aiding to extinguish the flames. The building is owned by Mrs. Lucas. The fine \$600.00 apartment building at 119 North Kenwood street, owned by C. B. Beach, was threatened with destruction yesterday afternoon at 3 o'clock, when the front apartment on the first floor, occupied by Mrs. Englehard, caught fire from a burning cigarette, according to the report in the office of Fire Chief Lankford.

The firemen experienced some difficulty in fighting the blaze, owing to the heavy smoke, but extinguished the fire when damage to the amount of \$100 had been done, to Mrs. Englehard's apartment. The rest of the building was not injured.

Butter, instead of oil, was burned in the lamps of the Christians of Egypt in the third century.

## THE GLENDALE

"The Eagle's Feather," hailed as a western picture that is different, shows at the Glendale Theatre for the last time today. It is a Metro film, adapted from a story by Katharine Newlin Burt, and features James Kirkwood, Mary Alden and Elinor Fair. Direction is by Edward Sloman.

"The Eagle's Feather" tells the story of a hard, unsentimental woman, Delia, the scorn of men who finds that Fate has played her a cruel trick. When she craves for love it is to her niece, a frail, beautiful girl, wholly feminine, that the man turns to with love, and Delia acknowledges her only defeat and that at the hands of the sex she has despised all her life.

## ATHLETICS PRACTICE

MONTGOMERY, Ala., March 4.—With the exception of Gallo-way, who is ill with gripe, and Strand, who is en route from Salt Lake City, the whole squad of Athletics was out to practice today. Rumors that Strand is a holdout were confounded by his wire to Connie Mack saying "I am on my way."

Glass needles are used in surgery.

## THE GATEWAY

"Tiger Rose," with Lenore Ut-ric in the role she made famous on the stage, is still showing at the Gateway Theatre and those who have seen this great actress in the celebrated Belasco play will enjoy her still more in the motion picture, which is lavishly produced and offers a splendid supporting cast.

"Tiger Rose" is one of the greatest dramatic hits New York has ever enjoyed, a play of the tensest situations and the most compelling realism. In the film version nothing of this tense drama or fidelity to life has been lost but rather have they been enhanced, through the scope of the motion picture technique, which allows of a broader presentation than is possible on the stage.

## PUZZLED OVER YOUNG

SARASOTA, Fla., March 4.—John McGraw today was still in the dark as to the status of Ross Young, his star outfielder, as the Giants prepared to indulge in their daily workout. Nothing has been heard from Young since the world's series last October, but reports have it that the Texan wants as large a salary as that received by Ed Roush of the Cincinnati Reds, said to be \$18,000 a season.

## NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF TAXES

Default having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due on the second day of July, 1916, and subsequently.

And the holder of said bond having, on the 26th day of February, 1924, duly demanded in writing that the City Treasurer of the said City of Glendale proceed to advertise and sell the lot or parcel mentioned in said bond and hereinafter described.

Now, therefore, notice is hereby given that J. C. Sherer, City Treasurer of the City of Glendale, under and by virtue of the authority vested in me by law, will on the 23d day of March, 1924, at the hour of 10:00 a. m. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, or so much thereof as may be necessary, at the office of the said City Treasurer, in the City Hall of said City of Glendale, unless the amount of said bond and the interest thereon, together with the cost of publication of this notice, are paid, according to law, and that I will sell the same to the person who will take the least amount thereof and pay the amount of unpaid principal and interest on said bond, together with penalties and costs; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California, entitled "An Act to Provide a System of Street Improvement Bonds to represent certain Assessments for the Cost of Street Work and Improvements within Municipalities, and also for the Payment of such Bonds," approved February 27, 1923, and amendments thereto.

That the said bond referred to in this notice is described as follows: Street Improvement Bond Number 2, Assessment Number 2, Series 1 in the City of Glendale, County of Los Angeles, State of California, for the sum of four hundred seventy-five dollars (\$475.00). Said bond is dated June 2, 1916, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the street improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which for said street improvement said bond was issued, is that certain parcel of land situated in the City of Glendale, County of Los Angeles, State of California, more particularly described as follows, to-wit: That part north of Tract No. 392 of Lot Four (4) of Underland's Subdivision, M. B. 8-41.

That said sale will be for the amount due on said bond, which is as follows:

Due on principal thereof, four hundred seventy-five dollars (\$475.00).

Due on account of interest accrued on said bond to March 22, 1924, two hundred fifty-two dollars (\$252.31), together with interest accruing up to the day of said sale, the cost of publication of this notice and penalties and costs.

That the name of the owner of said property is Unknown Owner.

This notice shall be published for two weeks in The Glendale Evening News, a newspaper of general circulation, published in the City of Glendale, which said newspaper is hereby designated by me as a newspaper in which this notice shall be published.

J. C. SHERER,  
Treasurer of City of Glendale,  
Dated March 1, 1924.  
Date of first publication, March 1, 1924.  
March 4-11, 1924.

## ADJUSTED BONUS BILL EXPLAINED

Col. L. F. Smith Outlines Bill To Exchange Club at Today's Luncheon

The various features of the adjusted compensation bill, sponsored by the American Legion, were explained by Lieut. Col. L. F. Smith to the members of the Glendale Exchange club at a meeting held today noon at the Egyptian Village. Colonel Smith outlined the fight the members of the Legion had encountered since the bill was first framed, and declared the fight would continue until some provision had been made for the care of veterans suffering by reason of war service.

"It is not cash that the American Legion asks," Colonel Smith said, "it is credit—credit at the United States treasury. The cash feature of the bill is less than some men received for the last three days they worked for a wartime company—\$50."

Attacks Mellon

The speaker told of the opposition encountered everywhere by persons who insisted upon calling the adjusted compensation measure the "bonus bill." He attacked Secretary Mellon for the stand he had taken in the matter, and declared that the cost to the country would not be anything like Secretary Mellon insisted it would.

He urged members of the club to write to senators and representatives from California and express their views on the adjusted compensation measure and ask that those who suffered by reason of the war be taken care of.

President R. E. Johnston presided at the meeting and introduced the speaker. Officers of the Glendale post of the American Legion were guests of the Exchange club at the luncheon, and after Colonel Smith's address, were introduced.

Members of the Hollywood Exchange club are expected to meet with the Glendale club next Tuesday, President Johnston said.

Butler Resigns

Secretary T. F. Culhane read the resignation of P. C. Butler as a director of the club and also a member of the organization. It was explained that Mr. Butler had been called to Grants Pass, Oregon, to look after a large tract of land he owned near that place, on which platinum ore had been discovered.

Dr. T. P. Noehle, another member of the board of directors, presented his verbal resignation as a director, saying that he was unable to attend the weekly meetings of the directors and would step out to make room for someone who could serve and attend.

The value of a baseball club to Glendale was told by Frank Kerwin, president of the local baseball club. He said efforts are being made to have a major league club train here next spring, and urged the business men to get behind the local aggregation.

A. E. Bryan outlined plans for the proposed minstrel show members of the Exchange club are planning on presenting in the near future. There will be thirty-eight members in the cast, he said.

TOKIO, March 4.—All of Japan was today discussing the marvel of the return to life of Prince Masayoshi Matsukata after his death had been announced, his obituary published, plans for his funeral discussed and the emperor's grief publicly proclaimed.

The aged genro, regarded as the most powerful man in the nation, had so far revived today that his sons had left his bedside. The doctors, puzzled at the remarkable vitality evidenced by their patient, announced "another day's crisis is passed."

Prince Matsukata is the head of one of the largest families in Japan, numbering more than one hundred members. He has had numerous wives and between forty and fifty children. Physicians pointed to this as accounting for the remarkable return to life, declaring that only the ruggedness and virility of the statesman pulled him back from the grave. He is in his 89th year.

## BURNS IS GRILLED AT SENATE PROBE

Chief of Secret Service  
Gets Angry as Walsh  
Presses Questions

(Continued from page 1)  
an investigation of the Teapot  
Dome transactions.

It started when Burns, after answering some of Walsh's earlier questions with obvious irritation, asked permission to make a statement. He said that he resented the insinuations and inferences that had arisen since the bureau was drawn into the testimony, considering it not only a reflection on the department, but upon he himself.

He paid high tribute to his staff, saying they were able, honest and conscientious men.

Witness Is Angry  
"When did you and your able force first learn of indications of corruption in this matter?" Walsh snapped.

The senator's calm was steel striking Burns' flint.

"When Doheny testified," he answered hotly.

"I'd like to say," he added, "that had anyone asked me to investigate this matter, it would have been done."

"You wouldn't make an investigation until you were called upon, no matter how much corruption was shown?"

"No," Burns barked and left the stand.

Several Developments

Other developments were: One—Burns admitted that he suggested the resignation of McLean as a special agent of the department of justice. McLean, however, had not resigned.

Two—Mrs. W. O. Duckstein, agent of the department and wife of one of McLean's secretaries, admitted sending her husband a message in a department of justice code supplied her by Burns.

Three—Senator Walsh read into the records private communications he had with E. L. Doheny about oil developments in Montana.

Four—W. F. Friedman, code expert of the army, deciphered the code messages sent to McLean by his employees in Washington.

The examination of Burns and Mrs. Duckstein drew tighter the web of evidence that had been spun around the department of justice by the committee. Their testimony showed conclusively that McLean had access to the code and confidential information of the department.

Burns said he came into the department in August, 1921, and that McLean was a special agent then, so that he must have been commissioned earlier.

Asked about the famous telegram in which he was charged with having Mrs. Duckstein "tip" McLean that he (McLean) was being investigated, Burns said:

"I sent for her and told her one of our boys had told me one of our lawyers had told him that inquiries were being made regarding McLean being an agent for the bureau."

"I suggested that she might inform her husband and let him suggest to McLean that he resign because he might embarrass the attorney-general."

Local Realtors Move  
To Larger Quarters

MacNair & Minderhout, local realtors who have been located for the past few months at 167 East Colorado street, are moving into larger quarters this week and will be ready to serve their clients at 200 West Broadway.

They now boast of five members of the sales force and are capable of serving Glendaleans in either real estate or insurance line. Mrs. C. A. Redmond, well-known Glendale and business office, has recently become affiliated with MacNair & Minderhout and is a member of the sales force.

## E. S. PATTERSON NEW ELKS' RULER

Walter Jones Is Chosen as  
Secretary; Installation  
Service In April

ing a chaplain to succeed William Hunter, will be named by the new exalted ruler, Earl S. Patterson, following installation the night of April 7.

Two other trustees, Irving H. Oliver and Joseph E. Wimmer, will remain in office the coming year and work with Daniel Kelly, Jr.

Plans for Rest  
Willis M. Kimball, retiring secretary of the Glendale Elks' lodge, leaves his heavy duties with the gratitude of all its fellow lodge members. He was nominated for reelection, but declined to run, owing to the condition of his health, which demands an immediate letup of all routine duties.

He will take a prolonged rest, he states, probably leaving for a trip to Honolulu later in the year. For three separate periods he has been secretary of the local lodge, a total of six years' service to his fellow members.

Mr. Kimball was first secretary of the Glendale Elks' lodge, when they had their headquarters on East Broadway, taking the position to fill the unexpired term of a fellow member. A second time, just before the war and during its duration, he held the position of secretary. And again, later, he came back and served the three years that are now drawing to a close.

Willis M. Kimball was born at Brockford, Ill., near Chicago, and came to Glendale in February, 1912, several months before the Elks' lodge was founded, November 14, 1912. From the very beginning, he has been an active Elk, and plans to continue as a worker in the lodge, up to the limit of his physical condition.

He states that he will probably work with Stanley S. Prentz on the sick and relief committee.

Howard Elliott, idol of all Glendale football fans, who could always be depended upon for thrills innumerable, and sure to pile up points for the high school team, is showing the same energy in business that he displayed on the gridiron, according to H. S. Webb, president of H. S. Webb & Co.

"A short time ago Howard came to me and said he wanted to get some sort of work," Mr. Webb said. "He picked out the men's store as the place where he would like to begin his business career. I had a long talk with him before he started and have been watching his work closely since."

"The same energy, ambitions and tactics Howard displayed on the football field, which won for him the admiration of all who saw him play, are being shown by him in his work at the store."

"On the field Howard believed in playing the game square and hitting the line hard. He went into every game determined to win. That is the same spirit he is showing in his work. Success is the goal line for him, and success is what he is seeking."

"From what I have seen of his work I believe Howard will attain his goal in the business world, for he is playing the game square and hitting the line hard, just as he did in football."

Elliott is working every Saturday at Webb's Men's Store. He is president of the student body of the high school and is well liked by all the students and graduates.

## AUXILIARY HEAD SUBMITS REPORT ON YEAR'S WORK

Children's Hospital Society  
Hear President Tell  
Of Progress

The first annual meeting of the Glendale auxiliary of the Children's Hospital society was held at the home of the president, Mrs. E. J. Morgan, 1125 South Central avenue, Monday afternoon. The minutes of the previous meeting and of a special meeting were read by the secretary, Mrs. F. W. Kille.

The annual report of the president was heard with great interest, covering as it did the activities of the less than a year's organization and showing such splendid results in five months of actual functioning.

Mrs. Morgan's report gave a brief history of the organization of the auxiliary, April 19, 1923, to October 1, 1923. From that date, on which Mrs. Morgan was elected president, the president's report showed that Mrs. Morgan had attended and presided at all meetings of the auxiliary and all the board meetings of the hospital except one.

Donations from the various organizations at Thanksgiving, Christmas and more recently were gratefully acknowledged. This list includes the Glendale Avenue Intermediate school, the Tropic Presbyterian Sunday school, Tuesday Afternoon club, Thursday Afternoon club, Chapters L. A. H. B. A. and C. J. P. E. O., and a number of individuals.

Through the efforts of the secretary, Mrs. Kille, milk bottles for contributions have been placed in Roberts & Echols and the Owl Drug company stores, and \$19.48 was received from these.

In reference to the Glendale Welfare Chest and the Glendale crib at the hospital, Mrs. Morgan says: "I attended in your behalf several meetings of the Glendale Welfare Chest, and succeeded in having an allotment of \$1000 made the auxiliary, but, owing to the fact that the 'drive' did not bring in the returns the committee had hoped for, we will receive only about 50 per cent of our allowance; \$250 of this has already been sent to the Children's hospital and credited on the endowment of a Glendale auxiliary crib. There is a balance of \$100 still to be paid. I would like to explain that the endowment of a crib costs \$350 the first year. After that \$50 per year maintains it. When we have paid the balance on the crib, it will be named after the auxiliary."

In conclusion Mrs. Morgan adds: "I wish to thank all who have so kindly assisted us in this work we have undertaken. The co-operation of the different organizations has been of the greatest help and encouragement. The untiring efforts of my sister officers in this worthy cause have been invaluable. The local papers have been generous in the space given to publicity. In the name of the Glendale auxiliary of the Children's Hospital society I wish to express my appreciation for your cheerful help and advice, and hope the coming year may be a prosperous one."

The donations for the year show twenty yards of material contributed by Mrs. E. C. Pendroy, made up by the social club of the O. E. S. and Mrs. Peckham; two truckloads of salvage from the Tuesday Afternoon club and the Thursday Afternoon club; 153 new garments and twelve towels, one parcel of infants' wear; seventy-four cans of fruit and vegetables; forty-nine glasses of jelly, raisins, candy, dried fruit, oranges, apples and cut flowers; \$10 cash from Chapter A. H. and \$250 from the Glendale Welfare Chest.

Treasurer's Report  
The treasurer, Mrs. A. L. Bancroft, made the following report:

Mrs. Kille made a report of the secretary's work for the year. The nominating committee, appointed at the last meeting, Mrs. T. G. McDougal, chairman; Mrs. R. A. Blackburn and Mrs. Chauncey K. Lake, nominated the following officers, who were duly elected to serve for the coming year: President, Mrs. E. J. Morgan; first vice-president, Mrs. E. V. Bacon; second vice-president, Mrs. F. L. Doggett; secretary, Mrs. F. W. Kille; treasurer, Mrs. A. L. Bancroft; directors, Mesdames T. G. McDougal, P. E. Maxwell and J. M. Server.

A committee was appointed by the president for general revision of the bylaws. Mrs. T. E. McDougal and Mrs. Kille were named.

Following the business session, delicious home-made cake and tea were served by the hostess, assisted by Mrs. F. L. Doggett and her daughters, Phyllis and Kathleen.

SEVENTEEN PER CENT  
Jump In Sales Taxes

Sales tax receipts for February of \$506,858.77, compared with \$431,590.12 for February of last year, an increase of 17 per cent, were reported to Washington by Collector of Internal Revenue Rex B. Goodcell.

The outstanding feature of the report was the phenomenal increase in the receipts from the tax levied on retail sales of jewelry, \$81,522.47 having been collected in February, as against \$63,514.98 for the same month of 1923. The tax paid represents retail sales for January, 1924, of \$1,830,440, compared with \$1,270,300 for February, 1923.

The proceedings to widen this thoroughfare from Los Feliz road to Pacific avenue were started on March 13, 1923. This petition was protested out by 54.1 per cent of the property holders affected. They requested that it be widened to eighty-six feet, with the exception of the length where it runs parallel to the Southern Pacific tracks, where by placing the curb one foot from the tracks, a width of seventy-seven feet could be obtained.

On Friday night the auditorium of the Broadway High school will resound to the strains of "Dulcy," put on by the Federated Parent-Teachers' Association.

A meeting will be held Wednesday night at Glendale Avenue school to complete the organization of a Fathers' Auxiliary to the Parent-Teachers' association. Mrs. O. A. Moore, president of Glendale district federation; Chester Rethberg, secretary of the Fathers' auxiliary of Broadway school, and Mr. Bryan of Acacia Street school, will be in charge of the organization work.

December. On January 31, 1924, they again voted to hold it over another 30 days.

Mr. Dupuy recommended that as San Fernando road is eighty feet wide from the Verdugo wash to the Burbank line, that it be widened ten feet on each side in this district, making it 100 feet wide north of the wash. He further stated that the matter had been gone into thoroughly with the County Planning commission, and that it was his recommendation that it be left for decision and recommendation to the City Council by the new City Planning commission. His recommendation was accepted by the council.

Be Commission's Job

The question of widening San Fernando road through its entire length in the city of Glendale will be the first matter to be considered by the City Planning commission, the members of which are expected to be appointed this week, according to statements made by several councilmen at the regular meeting this morning.

A lengthy report on the San Fernando road matter from Ben S. Dupuy, city engineer, was read, together with his recommendation that it be referred to the city planning commission when appointed. Ray L. Morrow, city attorney, expects to have the ordinance providing for the commission ready for presentation at the regular meeting Thursday morning, and it will come up for adoption March 13.

Upon adoption of the ordinance, members can be appointed and function at once.

Mr. Dupuy reported that the petition asking that San Fernando road be widened from the southerly to the northerly city limits carried the names of 35 per cent of the property holders affected. They requested that it be widened to eighty-six feet, with the exception of the length where it runs parallel to the Southern Pacific tracks, where by placing the curb one foot from the tracks, a width of seventy-seven feet could be obtained.

**DRAMATIC CLASS  
TO GIVE 'DULCY'**  
Popular Play Will Be Seen  
At Broadway High as  
P. T. A. Benefit

"Dulcy," one of the most popular stage characters of the past year, is to appear behind the footlights at the Broadway High school Friday night, in the play "Dulcy," given by members of Harold Brewster's dramatic class as a benefit for the treasury of the High School Parent-Teacher association.

"Dulcy" is what is known in popular parlance as a "dumb-bell," a young wife, who attempts to manage her husband's business and social affairs to such an extent that many ludicrous situations result, much to the consternation of "Dulcy," her husband and his friends.

Those who will be seen in the cast are: Dulcy, Marjorie Temple; Angela, Nadine King; Mrs. Forbes, Cecil Chase; Gordon, Irvin Carver; Mrs. Forbes, Marion Morrison; Blair Patterson, Gage Hartman; Vincent Leach, Glenn Roberts; Bill, Carleton Lawson; Henry, Harold Jones; Van Dyke, Alonzo Wolter; Sterrett, Harry Murphy.

Rehearsal of music for Easter was begun last night at the regular weekly meeting of the Choral club at the Harvard High school, J. Arthur Myers directing.

Plans were also made for the trip to Long Beach next Monday night, when a Glendale program will be given in the municipal auditorium. The Glendale delegation will leave Brand and Broadway at 5:45 o'clock in a special Pacific Electric train.

Last night letters were read from Hollywood expressing appreciation of the Glendale program given there recently.

R. Ernest Tucker announces that the first rehearsal of the Community Service orchestra will be held at 8 o'clock tonight in the music rooms at the Harvard High school. J. Arthur Myers will be director and Mrs. Gertrude Erb, accompanist.

Actors Are Talented  
Mr. Brewster has some splendid material to work with in this cast and the school patrons are anticipating a fine production of the popular comedy.

Dante La Franchi is general manager of the play and announces that tickets can be secured at the Bott Book store, Roberts & Echols and the C. & S. Cafeteria.

Mrs. C. H. Whitney, president of the Parent-Teacher association, urges all fathers and mothers of the high school pupils to support the benefit.

## PLAN MEETINGS FOR REPUBLICAN DISTRICT CLUBS

Political Activities Started  
As Date of Primary  
Election Nears

Arrangements will be made on Thursday, March 6, by executive committees of the Ninth Congressional District Coolidge Republican committee, for a series of receptions for loyal Republicans who will represent Calvin Coolidge on the May 6 ticket.

The tentative schedule for the reception provides that at least one will be held in each of the seven assembly districts of the Congressional district. All of the twenty-nine persons who were selected in San Francisco on Monday, February 25, as Coolidge representatives have been invited to attend these receptions. Residents of the several assembly districts will be invited to the meetings in order that they may become better acquainted with the several candidates.

Centrally located places, in the assembly districts, are to be selected for the receptions, it was announced. In some of the larger districts it is possible that two meetings will be held in order that more residents of these sections may attend.

Registration Grows

One of the best indications of the growth of the community is to be found in a comparison of the number of voters registered in successive years, according to a local authority on political economy.

In 1920 the total registration of California was 1,374,184. In 1922 it was 1,532,384. Los Angeles county had 386,366 registered voters in 1920 and 447,318 in 1922.

Figures on the last November election show that of the 1,000,997 votes cast in the state, 251,947 were placed in Los Angeles county ballot boxes while an additional 195,374 were cast in this county. In the August primary of 1922 the registration of Los Angeles county was 429,801 and the number of votes cast 160,717. San Francisco county had a registration at this election of 194,890 with a total vote of 109,832.

The following is a compilation of votes cast in some of the counties of California, at the last general election, November 7, 1922:

Fresno, 23,486; Imperial, 7,449; Inyo, 2,659; Kern, 18,684; Kings, 6,469; Los Angeles, 266,174; Riverside, 14,136; San Bernardino, 21,466; San Diego, 24,695; San Joaquin, 21,604; San Luis Obispo, 7,351; Santa Barbara, 10,361; Santa Clara, 29,133; Tulare, 18,125; Ventura, 8,133.

For this election 968,412 Republicans were registered throughout the state, 319,107 Democrats.

## Motorists Have to Pay Penalty, Says Manager Towman

Nearly 200 motorists applied at the Glendale office of the Automobile Club of Southern California, yesterday, for their 1924 licenses, only to find they will have to pay a 100 per cent penalty for not applying within the time limit, reports Manager M. B. Towman of the office, 248 South Brand boulevard.

"Several insisted on going to the Los Angeles branch of the Motor Vehicle Department," said Mr. Towman, "hoping they might get their penalty remitted. This they will be unable to do and are only wasting their time. Members who have not yet obtained their 1924 licenses should avail themselves of the club services, pay the price, plus the fine, and let us handle it for them."

## MEMORIAL PLANS TO BE EXPLAINED

Legion Official to Address  
Verdugo Hills Post  
at Regular Meet

A delegate from the office of Daley Stafford, president of the County Inter-Post Council of the American Legion, will be present at the regular meeting of Verdugo Hills Post No. 288 to be held at the Sparr Heights Community House tomorrow night at 8 o'clock, announced Commander E. L. Sullivan today. The object of his visit will be the explanation of the plans for the County of Los Angeles Soldiers' Memorial building to be erected at the corner of Figueroa and Eighteenth streets.

At the same time plans will be perfected for the first big entertainment and dance to be staged by the post at the Sparr Heights Community building Saturday evening, March 8. J. Benton Wirt, post chaplain and chairman of the entertainment committee, announces that many novel stunts by members of the post will afford unusual entertainment. The refreshments will include home made cakes, furnished by the Legion ladies.

The Verdugo Hills post, although only an infant, is enjoying a very lively growth, and great interest is being shown in the organization by ex-service men of Montrose, La Crescenta and La Canada. Commander Sullivan urges that all ex-service men, whether members of the Legion, or not, meet with the post tomorrow night.

## ENDICOTT ARMS HEAD PREDICTS BRIGHT FUTURE

C. N. Coverdale Says City  
Most Beautiful Spot  
In Southland

"As a man thinketh, so is he," might be paraphrased to read "As a city thinketh, so is she," and be used as a text for a sermon on Glendale," says C. N. Coverdale, president of the Endicott Arms.

"In my two weeks in Glendale I have had a number of 'old-timers' in Glendale say, 'Can you get people to buy apartments in Glendale?' These same people are willing to admit that Los Angeles, Long Beach and Hollywood have built apartment houses and sold them to the tourist; that the hotels and apartment houses have proven a 'good investment' and furnished a place for the capitalist to stop while he is looking for a place to invest his money; and these same people wonder why they do not come to beautiful Glendale."

"Long Beach citizens made it possible for the first own-your-own apartment to be built, by buying at the initial price as an investment, then resold to the people who came from the East looking for a place to live, then built another and still another, only to resell at a profit, and all the time increasing their population and the value of their property."

"As I see Glendale, it is the most beautiful spot in Southern California, a home city, and with the combined efforts of its citizens it can be made a city of 300,000 in five years and maintain her slogan as 'The Fastest Growing City in America'; but the 'old-timers' who acquired the land for a pittance and have seen it increase in value through the efforts of others must catch the spirit of the newcomer and say that what other cities are doing we can do."

"Do not look at the hole in the doughnut or (ground), but at the dough. Forget the few failures and remember the many successes. Do not condemn the men who tried and failed, but encourage them to try again."

"If we build a city we must have people and more people—people with money with vision. Such people are coming to California for one reason only—climate. If Glendale gets her share she must have something to attract them. The merchant cannot sell goods he does not have on his shelves."

"There are two ways to attract people. New Castle, Ind., gave ground and paid bonuses to attract manufacturing and grew from a town to a city in a few years. You have no cheap land for factories, and if you could raise the money to buy, you have not enough land upon which you can build a multitude of beautiful bridges."

## WOMAN IS EXPERT HORSE JUDGE Selected Mounts For Oakmont Club Stables

Mrs. J. R. Thorpe of the Oakmont Saddle Stables, mounted on one of her fine string of five-gaited Kentucky horses. Mrs. Thorpe is proprietor of these stables and has been largely instrumental in their development to the point where they will serve the members of the Oakmont Country club at all times.

The building of the Oakmont Saddle Stables to their present peak of development has been largely in the hands of Mrs. J. R. Thorpe of Ocean View boulevard and Waltona drive, Montrose, wife of J. R. Thorpe, prominent sportsman and member of the Oakmont Country club, with extensive business interests in Los Angeles, Glendale and elsewhere in Southern California.

The stables are located convenient to the Oakmont Country club, being on Waltona drive, Montrose, adjacent to the Thorpe home. Mrs. Thorpe has personally selected most of the fine string of mounts, her husband states, her unerring judgment amounting almost to a gift.

The result is that members of the Oakmont Country club will have at their disposal a large selection of splendid horses, ranging from mounts safe enough for children to five-gaited Kentucky thoroughbreds and fiery steeds that will require the most expert handling.

Lessons in horsemanship are being given at the Oakmont Saddle Stables and a special corral for beginners is already well established. Competent teachers have been employed to see that anyone who longs to indulge in this thrilling and healthful sport may learn to ride well.

Situated in the heart of the Verdugo hills district, the Oakmont Saddle Stables offer the rider an opportunity to strike straight into wild country, along a multitude of beautiful bridges.

## MUTUAL BENEFIT READING CIRCLE PLANS BIG PARTY

Eighth Birthday Will Be  
Observed at Gathering  
Next Wednesday

Glendale's nationally known Mutual Benefit Reading Circle, which meets every Wednesday in the juvenile room at the Public Library, is to celebrate its eighth birthday on Wednesday of this week, and the meeting from 11 till 2 o'clock is designated as "Jinks Day" by Mrs. H. V. Henry, chairman.

The circle was organized in March, 1916, by Mrs. Charles H. Toll, at that time chairman of education of the Glendale Federation, Parent-Teacher Association.

Such phenomenal growth and success has been enjoyed by the organization that bulletins on its formation and development have been issued by the bureau of education in the department of the interior of the national government. Similar organizations have sprung up in all parts of the United States.

It is hoped by officers that Mrs. Toll can be present Wednesday for the birthday party, and a special effort is being made to have all old members in attendance.

## World Flight Stickers on Sale in Glendale

Wind-shield stickers for admittance to Clover field Sunday afternoon, March 16, when the first "around the world" flight, may be obtained from Manager M. B. Towman of the Glendale office, Automobile Club of Southern California, corner of South Brand boulevard and Colorado street.

Mr. Towman states he has just 250 of these stickers, and that they admit car and occupants to the field. No cars will be admitted without them. The money goes into the national army relief fund.

Clover field is located just off Pico boulevard, between Los Angeles and Santa Monica. Eight commissioned officers will man the four planes making the historic trip. Thousands of motorists will avail themselves of the opportunity to see the feat. Mr. Towman states. He will have the stickers on sale at this office starting today.

## Jap Arrested After Crashing Into Auto

K. Hirakawa, Japanese, of Montebello, was arrested at 8 o'clock last night by Sergeant Kenyon and Officer Schilling, after his car had been in a collision with a machine driven by W. H. Fricke, 439 West Forty-fifth street, Los Angeles, at the corner of Acacia avenue and San Fernando road.

The Japanese was pronounced drunk by Dr. Kaemmerling, and is held for appearance today.

## Electric Sign On News Building In Temporary Eclipse

With the removal of the "The News" electric sign from the top of The Glendale Evening News building temporarily, due to remodeling the building, it is interesting to note that this was the first flasher bulb sign in the city of Glendale. Since then more 100 have been installed and it is stated on good authority that twenty-two electric signs have been sold in this city during the last ten days, some of which already are installed.

## REV. H. V. WHITE CHURCH OFFICIAL

Becomes Executive Sec'y  
of Local Presbyterian  
Organization

Rev. Holice V. White has come to Glendale to take up the duties of executive secretary at the Glendale Presbyterian church at South Louise and East Harvard streets.

Mr. White came to California four years ago from Texas and has recently been assistant to Rev. "Fighting Bob" Schuler.

He comes to Glendale with much enthusiasm over the field in which he is to work and pleasure in the association with Rev. W. E. Edmonds, pastor of the church.

## Pint Fails to Break, Four Are Arrested

B. W. Cegavasko and H. N. Cegavasko, both of 206 Parkdale avenue; F. S. Jones, 340 West Twentry-first street, and C. A. Isasek, 443 Temple street, all of Los Angeles, were arrested at Brand boulevard and Lexington avenue at 3 o'clock this morning by Lieutenant Nunn and Officer Hedrick.

When ordered to get out of their car they did so, and took with them a quart and a pint bottle of whisky, which they attempted to break by throwing on the pavement. The quart broke, but the pint did not, so they are locked up in headquarters jail with the pint bottle as evidence against them.

## Close Railway Offices for Death of Official

Offices of the Glendale & Montrose Railway Company at 119 East Broadway were closed yesterday afternoon, Monday, March 3, on account of the death on Monday morning of the president of the company, William G. Henshaw, at San Francisco.

The deceased was also president of the Riverside Portland Cement Company of Los Angeles. He made his home in Oakland.

## CENTRAL AVENUE KNOLL LANDMARK OF PIONEER DAYS

Stately Mansion on Summit  
Is Replaced by Modern  
Bungalow Court

By "OLD TIMER"  
Of The Evening News Staff.

Without excuse or reason for its existence in the level country where it finds itself, there is a knoll, a little hill, as our neighbors to the south would say, rising on the east side of Central Avenue between Windsor road, known in early days as Ninth street, and the present Maple street.

It looks as though an inquisitive bit of Mother Earth, in the strength and arrogance of youth, had pushed its way up through the surrounding level to see what it could see and when its 'dobe' head had crowded through the surrounding sand, it evidently liked the view of mountain and plain, the Hollywood hills on the west, Mt. Verdugo on the north and Old Baldy and San Jacinto to the east and the fertile valley of San Fernando lying at its feet for it never receding from its position but remained a landmark for all time.

Soon after coming to Glendale nearly two decades ago, "Old Timer" was lunching in Los Angeles with a friend who remarked "there is one spot in your Glendale valley that I want to own and build a home on, and that is a knoll on Central avenue."

Having often observed this elevation, to satisfy a longing, if not almost an unquenchable curiosity which the writer of this had had, to leave the straight and narrow road and follow the winding road around the hill to where a roof peeped through the cypress hedge, the pony and runabout were impressed into service one day and the winding road was followed to where the house stood on the crest of the hill.

On arriving at the top, the house was found to be vacant. The doors were unlocked, in fact stood open, but the empty rooms told no story to the curious visitor.

The view from the porches was entrancing and the writer lingered and visioned a stately home arising on the heights and then the incident was forgotten, only to be revived by the unexplained vagaries of memory.

Stairs Replace Road

A second visit revealed many changes. The deserted house was gone. The winding road had been replaced by many flights of mathematically and geometrically constructed stairs built at right angles to the street called Central. These stairs led to many picturesque bungalow homes built in what is styled in these modern days as a "bungalow court," and one is consoled for the loss of the "stately mansion" visioned in the former visit only by the thought that many, instead of the

## Daily News Letter

General News and Gossip from Staff Writers at Home and Abroad.

By DAVID M. CHURCH  
For International News Service

LONDON, Mar. 4.—It is many a long day since English society has had so juicy a morsel of gossip as has been furnished by the publication of "Uncensored Recollections," an anonymous book of reminiscences.

The book deals lightly with present and past personages, and it has met with a reserve from the reviewers.

"There have been few books more packed with unsavory scandal," says the reviewer of The Star, and he has sounded a note that is echoed throughout the entire English press. English people do not like to have gossip concerning the faults and foibles of their heroes bandied about publicly.

Social circles are buzzing with gossip as to the identity of the author, whose recollections are mainly of the cosmopolitan society of Paris in Second Empire days, and he purports to be a cousin of the Neys (the family of Napoleon's marshal), a friend of the emperor and of British royalty.

King Edward is dealt with rather lightly in this publication. The author narrates how King Edward once got a music-hall clown to make up his face as a clown, with big patches of red and black paint, and went down to dinner in that guise, wearing the clown's white skull cap.

The author also states that King Edward was at all times in the closest touch with American affairs, particularly the affairs of American society. The writer takes occasion to intimate that King Edward rather enjoyed the freedom of American society. He relates here and there amusing incidents of the Vanderbilts of New York and the Deacons of Boston.

There are some lively stories of the frivolities of the Second Empire. The author, having remarked that the late Empress Eugenie was not the daughter of the

Comtesse de Montijo by her husband, but by the then Lord Calendon, says that the comtesse had a "delightful habit of kidnapping any male bled whose society she wished to enjoy."

Another recent English publication that is causing considerable discussion is Geoffrey Moss' "Defeat." This is written by a former major in the British army, but it is a strongly written indictment of the French occupation of the Ruhr.

"Defeat" is a collection of short stories, all of them based upon German suffering, consequent to the Ruhr occupation. One story tells of the decision of a German girl to sell herself in order that she may go home for Christmas, only to find that the proceeds of the sale of her soul are not sufficient, because the tumbling market has driven the price of railroad transportation upward.

Through the whole volume there runs a tone that is not too reverent to past and present personages.

"Moi Je Suis Français" is a tale of a French colored colonial soldier who becomes aroused by a speech of a commanding French general warning against trust of any German. "M'poo," the French colonial, lets this inflammatory speech work upon his African mind until he finally murders an inoffensive old German engineer. Then he covets the white mice belonging to the dead man, but checks himself from taking the mice, declaring, "No! French soldiers do not rob dead men, moi je Moss' book, depicts a frightful social France!"

"Defeat," the final story in scene, wherein French officers disarm a German police officer and turn him over to the furies of a mob of Separatists to be torn to bits.

This book will hardly find a welcome in France, and it will probably never be translated, but it must make thinking people stop and consider.

Another recent book which is attracting attention is H. H. Asquith's "Studies and Sketches," which display Mr. Asquith as an essayist of no mean ability, however not as light in his touch as his daughter, Princess Bessie. Asquith makes one personal confession in his book. He will not write an autobiography. "I will leave that to other members of my family," he comments laconically.

Of course the Pola referred to is the only Pola there is, Pola Negri.

All banks and trust companies or other persons acting as trustees upon such real estate subdivisions, should inform themselves as to their liability for a fiduciary return in reporting to the government the receipt and disbursement of such monies.

Collector Goodrich further said that it is his understanding that due to the large volume of profits realized from the sale of realty in southern California, the commissioner of internal revenue will assign special squads to investigate the records of all companies and individuals engaging in such business, and it would be to the material advantage of the taxpayers involved to file amended returns prior to such investigations.

(Continued from page 1) could place factories to increase their population at the rate it must be increased. But one thing remains. Get the kind of people who come, those who come with money, those who come to play, who have made their fortune and want to retire with little or nothing to do, and you must not expect them to stop in the hotels and apartment houses of Los Angeles, Long Beach and Hollywood, and come over here and buy your vacant lots and build—thus improving your property while you sit around and knock the men who have given you the right to say you live in "The Fastest Growing City in America."

"Every property owner should voluntarily walk up to the Chamber of Commerce and pay a 'tithe' of 10 per cent of the value of his property and every business man should pay 10 per cent of his profits. If you would, in three years you would have a population of 300,000 and your 10 per cent would have returned you 100 per cent."

"It is not enough to advertise Glendale. You must SELL Glendale, and Glendale must have something to sell. Build, and build what will sell, what the people you want to come here want—elegant apartments where they can buy just what they want to live in, where the cares of housekeeping are eliminated; where he and his wife can rest amidst the luxury and comfort of refined people; and if you attract such people, others will follow."

"I have heard that there were a people who never gave anything but advice, but I never knew before just where they settled."

"Yes, we will build the Endicott Arms right on our lot at the corner of Brand and Lexington."

## Uncle Wiggily Bedtime Stories

— BY HOWARD R. GARIS —

UNCLE WIGGILY AND SUSIE'S SCRAPER  
When the last extra day of February (on account of Leap Year) had gone away and March was blown in by the wind, there came a big snow storm. The white flakes sifted down over Woodland where Uncle Wiggily lived in his hollow stump bungalow.

When the animal folks awakened in the morning there was much snow on the ground and Mrs. Littletail, the rabbit lady, looking from her window across the field to Uncle Wiggily's bungalow, said: "Dear me! The milk hasn't come."

"Let me go borrow some from Nurse Jane, Mother!" begged Susie, the rabbit girl. "I'd love to go!"

"No, it is much too stormy for you to go out, my dear," said Mrs. Littletail. "I'll call your brother Sammie! Come Sammie! Get up!" his mother asked him.

"Why, I don't want to get up so early," Sammie answered. "This is Saturday and there isn't any school. I want to sleep a bit longer this morning."

"Oh, but your sister Susie is up and some one must go to Uncle Wiggily's and borrow a pitcher of milk, as ours hasn't come," went on Mrs. Littletail. "I think you ought to go, Sammie."

"Aw!" cried the rabbit boy. And again: "Aw!"

"Let me go, mother! Please do!" begged Susie. "I'd love to, and it isn't snowing at all now. I can easily go over to Uncle Wiggily's and get the milk."

"Very well," agreed Mrs. Littletail. "But if your father were here he would make Sammie get up and do it. I never saw such a boy."

"Oh, well, perhaps he is sleepy," said Susie kindly. So she went after the milk. And, as she reached the bunny gentleman's hollow stump bungalow, after wading and hopping through the drifts, Susie saw Uncle Wiggily cleaning the snow off his path.

"Oh, may I help?" begged Susie, as she dodged a big shovel of snow the bunny tossed.

"Why, Susie! You're too little!" laughed Mr. Longears. "Besides I have only one shovel!"

"I have a snow scraper over at my house," went on Susie. "Sammie made it to use on our paths, but he isn't up yet. I'll take the milk home and then I'll come back with my scraper and help you clean off the snow."

"You are a smart little rabbit girl!" chuckled the rabbit uncle. Nurse Jane saw Susie some milk in a pitcher, and Susie hopped back with it to her house. There she had some warm breakfast of lettuce pancakes with turnip sauce sprinkled on the middle. But even then Sammie didn't get up. He lay all snuggled in his warm bed of straw.

"It's Saturday and I don't have to get up and go to school!" he said.

But Susie was on her way to have a wonderful adventure. She found the snow scraper where Sammie had left it after the last storm. The scraper was something like a hoe, with a long handle, and it could be pushed

ton and it will be filled by people from the east who will tell their friends back east of 'The Fastest Growing City in America' and we will have to build other apartment houses to house them when they get here; but we cannot expect to wait until they get here to build. If we do they will go elsewhere."

## Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen: Your "Krumble Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly, Arlington H. Carman, Patchogue, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL Bran. Nothing but ALL Bran can be so effective. This is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoonsfuls daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

### THE TREATMENT OF DANDRUFF

In yesterday's paper I told you that most cases of dandruff could be prevented by the daily cleansing of the scalp by thorough brushing, so that each day's normal accumulation of dandruff scales is removed, and the circulation in the scalp is kept good.

Today we will take up the question of the treatment of dandruff which has gone on to the stage at which we can call it a disease of the scalp. The prevention and treatment of dandruff is important, not only for the aesthetic reasons, but because in any disease of the scalp the hair roots are affected sooner or later, and, if the condition continues, the hair falls out, and baldness of varying degrees, especially in men, may result. (I shall take up baldness in another paper next week.)

There are two general forms of dandruff, the simple or dry form (pityriasis simplex capitis), and a more serious type, the oil form (pityriasis steatoidis). If the simple form is not cured it may go on to the more serious or oily form.

In both these cases of dandruff, as I told you yesterday, there are always found certain types of germs. Whether these germs (we will call them dandruff germs) are parasitic germs—that is, germs which live on living matter and cause disease—or whether they are saprophytes, or germs which live on dead or decaying tissue rather than living tissue, is not fully known.

There is considerable evidence that in the oily type of dandruff the germs are not saprophytes, but are parasites. That is, they are the direct cause of the disease.

I will not describe the simple form of dandruff, it is so well known. In the oil form, or pityriasis steatoidis, sometimes known as eczema seborrhoicum, the scalp is covered with yellowish oily scales, often heaped up into crusts. There may be patches of the dry scales also. The whole scalp is usually affected, and sometimes the disease may go over beyond the border of the hair. The scalp itches and scratching adds to the irritation. After a time the hair begins to fall. The disease may pass over into an eczema.

This oily type begins most often between the ages of 20 and 30 years, and is more frequent among the poorer classes. Anything which lowers the general health tends to aggravate the disease.

The order of the treatment for both types of dandruff is—first, to remove the scales; second, to

Commissioned By Government To Study Films

Christine Montt

Her grandfather, uncle and father have, in turn, been president of the Republic of Chile. As official student of the cinema holding an appointment from the Chilean government, Miss Montt came to this country to study motion picture methods. Out in Hollywood they decided Miss Montt would make a good screen performer herself. So now she is playing in the movies as well as studying them.

## Heart and Home Problems

By MRS. ELIZABETH THOMPSON

### WORTHLESS HUSBAND

Dear Mrs. Thompson: I am sorely troubled, as only a woman could be who has done so much toward a home and has a worthless husband to contend with. I am a middle-aged lady of home-making ideas, while my husband cares for the opposite side and looks only for a good time for himself. I can see nothing ahead except separation as he is a terrible drunkard and also has a drinking son. Of late he is so drunk crazed I fear for my life at times. I could let all the past be forgotten if he would only give up drink, but I have lost hope of his doing so.

I want your advice as I have no one else to go to. I have a daughter 17 and would love to keep her for some good, honest, sober man, where I could have my daughter with me all or part time, and where I could feel at rest and have my work appreciated in the right way.

Please tell me the best plan I could follow.

### SORELY PUZZLED.

Under the circumstances it is not to be wondered at that you consider separation. To go on living with a man who makes you so unhappy and who shows no tendency toward improvement would not benefit any one and it would only make you more miserable. It is not a kindness to your husband to stand by him and care for him since he does not appreciate your effort and only abuses you in return. Your plan to go somewhere to keep house seems like a good one. If I were you I would advertise in a newspaper for such a position, stating that you have a seventeen-year-old daughter you would like to keep with you. I would suggest that you make your requirements more

general and leave out the fact that you want to work for a man.

### ETIQUETTE PROBLEM

Dear Mrs. Thompson: When a young man calls on a girl, expecting to take her somewhere, should she be waiting for him with her coat and hat on, or is it better to put it on when he arrives? SIXTEEN.

It is better to invite the young man to come in and put on the coat and hat while he is waiting inside.

### BOBBED HAIR

Dear Mrs. Thompson: I am 19 years old and I have had my hair bobbed. Now it is so long that I can't do a thing with it. I don't like my hair fixed up. My husband says he will leave me if I don't want him to leave me because I think too much of him, but I want my hair bobbed. I don't know what to do and so please advise me. LONDIE.

Since your husband likes your hair better when it is long, I would advise you to struggle through this trying period and let it grow. When it is a little longer you will not have so much trouble with it and can dress it more becomingly. It seems to me your husband could have chosen a more kindly way of persuading you to do what he wanted. To say he would leave you would be enough to make some wives put his threat to a test. Nevertheless, since he prefers long hair, humor him.

## BEAUTY CHATS

### ANSWERED LETTERS

Billie B.: Protect your skin from tanning by working a very little bit of cream into it with the finger tips; wipe off any surplus and then apply a good powder. If your skin is not so fair as it was in childhood the trouble is not so much the result of summer tanning as it is a different way of living, now that you have grown up.

Miss S. G.: Try rolling to reduce the hips. Lie at full length with legs close together, arms straight up over the head. Roll completely over at least ten times and then reverse your direction. For the thin face, massage with a nourishing cream.

Mrs. B. E. S.: To restore firmness to the bust, try deep breathing, or moderate exercising that requires action from the muscles of the chest or back. A simple set of exercises for this is as follows: Stand erect with hands on hips and then move the elbows back as far as possible. Then stretch arms in front of the chest, then raise above head, stretching, then back to the first position.

Elsie: The soaps you mention are good brands. The honey almond mixtures do not take the place of creams for the complexion, but they are very useful in keeping the hands soft and white, especially during the winter months. A cream that will not cause hair to grow is one made from fine vegetable oils.

Brown Eyes: I do not think you could neutralize the odor from the tonic you are using.

Jane G. S.: Try another scalp specialist, and keep on trying until you find just why your hair is turning white at 13 years of age. Henna will not injure your hair, and fortunately for you it is becoming; but do not give up trying to restore the scalp to a healthy condition. There is no real reason why you should have gray hair because your father had it.

Reader: Small pits in the skin left from measles or other eruptions are often removed, but such work should be done by a specialist.

X. Y. Z.: Paint under the tips of the nails a very little bit of bitter aloes, just enough to remind you by its bitterness that you have resolved to stop biting them. This will not in any way be injurious to nails or yourself, if you happen to get some of it in the saliva.

I do not know what the curling fluid is made from that you mention.

Bridge: You can massage the muscles of the face, which will help some to reduce the fat.

Tomorrow—Properly Used Cream.

All inquiries addressed to Miss Forbes, in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

### SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Menthosulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Menthosulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Menthosulphur may be obtained at any drug store. It is used like cold cream.—Advertisement.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though troublesome, is an easier way to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

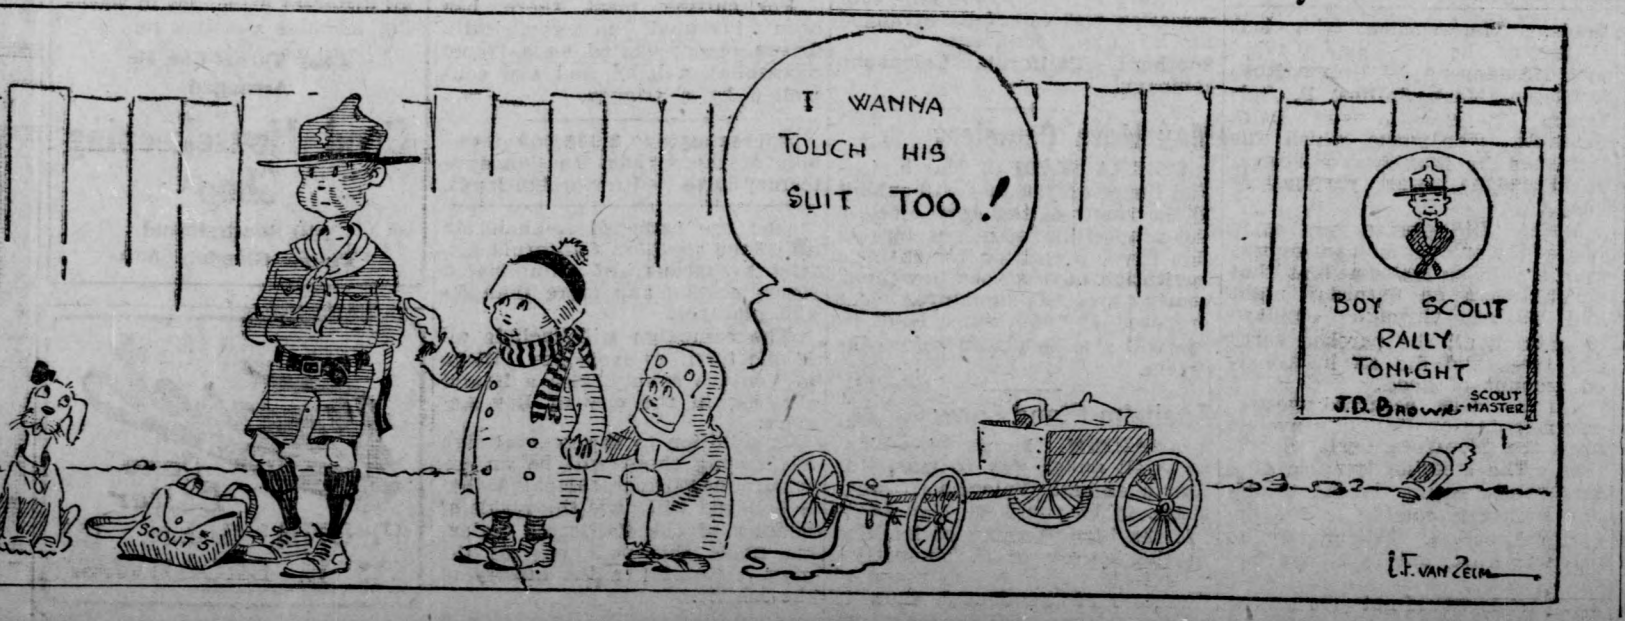

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement.

few, now enjoy the wonderful view.  
A little conversation with another "Old Timer" revealed that the south half of the knoll was a part of a tract of some fifty-two acres which had been purchased in 1882 by John Hobbs, Sr., father of our townsman, John Hobbs. Mr. Hobbs made two trips to California for his health as he was a sufferer from asthma and purchased the land with the idea of living here but during his stay on the coast found the dryer atmosphere of the neighborhood of Lytle Creek canyon offered greater relief and most of his stay in California was spent there.  
Returning east he died, and in September, 1890, his son, John Hobbs came to California to look after the estate. Mrs. Hobbs followed in December of the same year and while building their first home, the house on the knoll, they made their home with Mr. and Mrs. Nelson C. Bruch, pioneers of the valley, who lived at the place now known as "Twin Pines," on Park avenue, or Hobbs avenue as the old maps show it was called in those days.  
**Is Named Park Avenue**  
At a meeting at Samuel Ayers' some years later, it was decided to ask the supervisors to change the name to Park lane but the supervisors, with a vision somewhat unusual or a premonition that 'avenue' would be more appropriate than 'lane' to the city that was to be, named it Park avenue.  
After living on the knoll for fourteen years, Mr. Hobbs built a new home on Central avenue and the hill-top house was vacant for some time and later was moved down on Garfield street and remodeled by the father of Attorney H. P. Goodwin.  
The north half of the knoll was a part of the Crow tract and the development of this tract is another story of pioneer days.

ORANGE, March 4.—Over \$20,000,000 was realized in Orange county in 1923 on fifteen different crops, reports A. A. Brock, county horticultural commissioner. "It is my belief," Mr. Brock stated, "that this county has more to offer the prospective rancher than any other county in the southland, when it comes to a consideration of diversified crops, and I believe any progressive rancher who is willing to work can find an ample field for his labors here."  
**To Vote on Bonds**  
SANTA ANA, March 4.—A gain of \$69 pupils in the enrollment of this date over a year ago is revealed in a report by J. A. Cranshaw, superintendent of public schools. This increase, according to the superintendent, is equivalent to two ten room schools of a capacity of forty pupils per room and is the reason behind a bond election called for today, when \$150,000 will be voted for the grammar schools and \$100,000 for the high schools.  
"No indication of the growth of Santa Ana is more pronounced than the fact that our schools today are crowded, despite the fact that we last year added sixteen rooms to our school plant," said the superintendent.  
"Our program for the coming year is the construction of nine additional rooms for the elementary schools and the replacement of Roosevelt school, on East First street with a modern building. We also propose a new building for the high school plant."

**Nominating petitions** which were placed in circulation yesterday will require a minimum of 2,883 signatures for a Republican candidate; the maximum number is 11,528. A Democratic candidate must have a minimum of 1,738; a Prohibitionist, 633, and Socialist, 205, the official announcement states.  
**Organization of the Coolidge Speakers' Bureau** was effected Monday night, March 3, at the Los Angeles headquarters of the Coolidge forces. More than 100 persons responded to the invitations sent out from the headquarters. Active plans for conducting speaking engagements throughout the campaign were made.  
W. E. Evans of Glendale, who is a candidate for delegate to the national convention, is among the list of speakers.  
**Primaries Approaching**  
Important dates in the Republican campaign are:  
March 2—First day to circulate petitions and secure nomination signatures.  
March 30—Last day to file nomination papers with verification deputies in county clerk's office.  
April 1—Last day to file candidates' affidavits with secretary of state.  
April 5—Last day to register or transfer.  
May 6—California primary.  
June 10—National Republican convention at Cleveland, Ohio.  
Nineteen states in addition to California will hold primary elections during the next few weeks.  
The following is a list of the dates for the several primaries: Alabama, March 11; North Dakota, March 18; South Dakota, March 25; Wisconsin, April 1; Michigan, April 7; Nebraska, April 8; Illinois, April 8; Pennsylvania, April 22; Massachusetts, April 29; Ohio, April 29; Maryland, May 5; California, May 6; Indiana, May 6; Oregon, May 16; West Virginia, May 27; Montana, May 27; Florida, June 3; North Carolina, June 7, and Georgia, date to be fixed by state committee.

**Argue Zoning Act**  
SANTA BARBARA, March 4.—The zoning problem has worked itself into a fever here, with H. L. Sweeney, prominent plumbing contractor, threatening to erect shacks on the main street and C. H. Cheney, the city planning commission, maintaining that the city ordinances are not illegal and that similar ordinances have met the test of the United States Supreme Court. Messrs. Sweeney and Cheney would have become personal, in a hearing before the city council, had not Mayor Andera sounded the gavel.

**Phone Marriage Rites**  
SOUTH PASADENA, March 4. Mr. and Mrs. A. B. Case and family heard over the telephone the marriage ceremony of their son, John Tufts Case and his bride, Miss Helen Marion Smith, who were married in Seattle Thursday, February 28. The 1000 mile conversation was especially arranged for Mr. Case, president of the Southern California Telephone company.

**May Have Cemetery**  
SIERRA MADRE, March 4.—The Board of Trustees will submit to the voters at the April election the proposition of a cemetery in this town, a petition for such an institution having been presented, bearing over 100 signatures. The proposed \$80,000 water bond issue will also be placed before the voters.

**Anaheim Plans Show**  
ANAHEIM, March 4.—Plans are well under way to make the fourth annual Valencia Orange show, to be run here May 16 to 25, the biggest thing of its kind in the history of the industry. It is the plan of the board of directors of the Orange show to

**CHARTER VOTE IS IMPROBABLE NOW**  
City Attorney of Opinion Election Cannot Be Held in April  
The opinion has been expressed by City Attorney E. E. Kirk that it will not be possible to vote on the city charter form of government at the April election, owing to the numerous steps that must first be taken.  
"First it will be necessary to take an enumeration of the population," he says, "as a city must have reached a total population of 3,500 or more before it can vote on the question. Such an enumeration must be authorized by the Board of Trustees and the present board would not care to act until there was evidence that a movement of this kind is desired by the people, it is understood. Such a desire is usually made known by a petition from the citizens."  
**Dismiss Police Case**  
Police Chief John H. Long and Patrolman William Gates will not go to the penitentiary after all! The case brought against them by Floyd Hill of Glendale, on the charge of assault with a deadly weapon, was dismissed when brought before Justice Ballard's court in Los Angeles.  
E. E. Kirk, Burbank's city attorney, defended the case, which was prosecuted, he declares, by two of the cleverest lawyers he has ever been up against. He feels that there was a determined effort exerted by the prosecution to put the Burbank officers "in bad."  
The trouble with the testimony introduced by the prosecution apparently was that it didn't stick together, one of the witnesses failing to corroborate the testimony of others.

**Clean-up Week Starts**  
Bright and early yesterday morning, or rather, early but not so bright (since the clouds were still loitering about and shedding a few grateful drops now and then), a program got under way that has for its purpose the "polishing" of all Burbank's gutters and other caches for refuse.  
Particularly with the rains at hand, it is necessary for the gutters to function properly, states P. C. Miller, city engineer, who has arranged to have all such refuse hauled away. The clean-up week is official, having been ordered by the Board of Trustees, at the instance of the Women's Club, through the Chamber of Commerce.  
A similar program was carried out a year ago, with great success, and the entire city is asked to cooperate to make Burbank a "white spot" from the angle of sanitation as well as prosperity.

**NEW BUS SERVICE**  
SAN FRANCISCO, March 4.—A certificate has been granted by the railroad commission to Pacific Electric company to operate an auto bus service on the following route: commencing at the intersection of West boulevard and West Sixteenth street in the city of Los Angeles, to Santa Monica.

**Is Winter Time Your Backache Time?**  
Does every cold, chill or attack of grip leave you lame, achy and all worn out? Does your back throb and ache until it seems you just can't keep going another day? Do you know these troubles are often due to weakened kidneys?  
Winter's colds and chills throw a heavy strain on the kidneys. The kidneys are apt to weaken and fall behind in filtering the blood. Poisons accumulate and upset blood and nerves. Then comes constant backache, rheumatic pains, headaches, dizziness and kidney irregularities.  
Don't wait! Delay is often serious. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's have helped thousands. They are recommended by many Glendale folks. Ask your neighbor!  
**"Use Doan's" Say These Glendale Folks:**  
F. E. Hallam, mail clerk, 1918 Stanford Ave., Los Angeles, Cal., says: "When I worked as mail clerk, the continual jarring put my kidneys in a bad condition. Lightheaded like pains in my kidneys were almost more than I could stand. I knew these organs were in bad condition, for they acted too often. I used Doan's Pills and they soon put me in fine shape."  
Mrs. W. W. Fiddament, 632 S. Johnston St., Los Angeles, Cal., says: "My back ached considerably and I was tired mornings. My kidneys acted irregularly, too. I used Doan's Pills from the Home Drug Co. They soon rid me of the backaches. My kidneys were soon in good shape and I felt fine." (Statement given October 9, 1919.)  
On January 15, 1923, Mrs. Fiddament said: "An occasional use of Doan's keeps my kidneys sound and well."
